

COVID-19 UPDATE

Keeping You Safe

Thunder Bay Regional
Health Sciences
Centre

To: All Hospital and Health Research Institute staff

From: Amy Carr, Director Human Resources

Date: April 17, 2020

RE: Limiting Work Locations to Enhance Safety – Updated to Include Community Based Volunteering

Your health and safety is our utmost priority. Further to the memo of April 8, 2020 regarding restricting staff movement between our Hospital and other employers to minimize the risk of COVID-19 exposure, we are extending this restriction to community based volunteering.

This decision protects our patients and staff. Employees whose volunteer activities involve in-person interaction with the public are asked to discontinue as soon as possible and until further notice. If you are able to participate virtually you may do so as the intent to restrict community interaction to minimize risk. Employees who volunteer for an essential service i.e. volunteer firefighting, may disclose this to Human Resources and be granted an exception.

If you have any questions, please contact Human Resources humanresources@tbh.net

All Hospital COVID-19 updates are available on the iNtranet at <https://comms.tbrhsc.net/covid-19-information/>.

Thank you for your cooperation.
