RE: Use of Hospital Patios and Courtyards

The arrival of warmer weather has prompted the opening of Hospital patios and outdoor courtyards. The health and safety of staff, professional staff, patients and the community remains our utmost priority. As such, we remind all who use the outdoor spaces to do so responsibly.

Please practice physical distancing of 2 meters, even while having lunch or breaks together in outdoor spaces.

Outdoor spaces available include:

- Cafeteria courtyard (lower level – external);
- Medicine Garden courtyard (lower level – internal);
- Garden of Life courtyard (lower level – internal);
- ICP (Cancer Centre) patio (2nd level - external);
- SLC patio (3rd level – internal).

Note that use of the external patios (cafeteria and ICP) require staff and professional staff to re-enter the Hospital via a screening point. Please be prepared to re-screen or present your dated sticker upon re-entry.

Thank you for your commitment to safety.

For more information, please contact your manager.
