

COVID-19 DAILY SITUATION REPORT

Thunder Bay Regional
Health Sciences
Centre

Tuesday, June 23, 2020

COVID-19 Status as of 12:00 pm

Tests performed yesterday (Assessment Centre and in Hospital)	Tests Performed total (Assessment Centre and in Hospital)	Presumptive Cases in Hospital	Total Positive Cases in Hospital	Positive Cases in ICU	Patients in COVID-19 Care Unit	Hospital Occupancy
185	9304	15	4	0	8	85.7%

Thank you to those who practice physical distancing when possible. Staff at our Hospital are viewed as examples and role models, and your positive example-setting is appreciated. Please remember to maintain physical distance when enjoying a break in the cafeteria and at tables in courtyards. Physical distancing and the use of face masks will continue to be a priority, particularly as our Hospital increases services.

With COVID-19 Recovery in progress, the Incident Management Team reviews, discusses and approves many matters of importance, which is often followed by memos providing new or updated information. This is a necessary part of our response to an evolving pandemic. We are grateful to the many dedicated people who contribute ideas, data and expertise to guide decisions that are meaningful, safe and patient-centred. We appreciate that it is challenging and often frustrating to keep informed of changing practices and processes. Thank you for your diligence and commitment, which ensures the health and safety of all as we maneuver together through these uncharted waters.

All previously issued COVID-19 Daily Situation Reports are available at <https://comms.tbrhsc.net/covid-19-information/past-daily-updates/>.

Please forward any questions/concerns to your supervisor.

For questions about COVID-19 testing criteria, please contact the TBDHU's Infectious Disease Program at 807-625-5900 or toll free at 1-888-294-6630.
