Travel restrictions remain in place at our Hospital for the health and safety of all staff, professional staff, patients and the community. Staff that need to travel outside of Northwestern Ontario (NWO) due to exceptional reasons such as family emergencies, urgent health care needs or staff who choose to travel outside of NWO, must follow the previously communicated process outlined by Occupational Health and Safety (OH&S). Please review the past memo "Travel Restriction Update" from June 17, 2020 for more details on the proper process: <https://comms.tbrhsc.net/wp-content/uploads/2020/06/Memo-Travel-Restrictions-Update-June-17-2020.pdf>.

The Self-Screening Tool has been updated to reflect that **staff who are traveling outside of NWO but have followed the process outlined by OH&S should answer "No" to that screening question.** Doing so will streamline the process and eliminate unnecessary work and delays for all involved. Thank you for your cooperation and commitment to safety.
