

COVID-19 SITUATION REPORT

Monday, July 20, 2020

COVID-19 Status as of 11:50 am

Tests performed yesterday (Assessment Centre and in Hospital)	Tests Performed total (Assessment Centre and in Hospital)	Presumptive Cases in Hospital	Total Positive Cases in Hospital	Positive Cases in ICU	Patients in COVID-19 Care Unit	Hospital Occupancy
93	13010	10	1	0	5	84.8%

For the protection of patients, staff, professional staff and the community, visitor and Care Partner restrictions were implemented at our Hospital. As the COVID-19 pandemic evolves, protocols are reviewed and updated. We are pleased to share that, beginning this week, Care Partners will be welcomed back to our Hospital, along with Essential Care Partners.

Currently, only patients who meet the qualifying criteria were permitted 1 Essential Care Partner (ECP). **Effective Wednesday, July 22, all the remaining inpatients will be permitted 1 Care Partner (CP).** Essential Care Partner criteria for outpatients remains the same. Please see today's memo for further details.

With more staff and Care Partners coming to our Hospital, staff are reminded to ensure you have completed your self-screening and always carry your staff ID to facilitate swipe access to the approved staff entrances. Staff are also asked to support our Hospital's efforts in ensuring that no patients, Care Partners, or delivery people follow you into the Hospital once you've swiped through. If you notice anyone following behind you, please redirect them to the public entrances where they will be properly screened. Thank you for your commitment to safety.

All previously issued COVID-19 Daily Situation Reports are available at <https://comms.tbrhsc.net/covid-19-information/past-daily-updates/>.

Please forward any questions/concerns to your supervisor.

For questions about COVID-19 testing criteria, please contact the TBDHU's Infectious Disease Program at 807-625-5900 or toll free at 1-888-294-6630.
