Health Sciences
Centre

To: All Staff and Professional Staff

From: Dr. Stewart Kennedy, COVID-19 Incident Manager

Date: November 2, 2020

RE: Pandemic Community Collaboration - Screening and Assessment Department

I am pleased to announce that a new department has been established to address the many, ongoing changes in provincial guidance associated with COVID-19 screening and testing, community liaison responsibilities related to Return to School and special population considerations. The Pandemic Community Collaboration - Screening and Assessment Department is structured under the Incident Management Operations section and reports to Andrea Docherty, Director of the Regional Cancer Program.

Jackie Park has been appointed as Manager, Pandemic Community Collaboration - Screening and Assessment. Jackie is responsible for managing the operations of Screening and the COVID-19 Assessment Centre, in addition to representing our Hospital at community planning tables related to testing and screening for the pandemic.

Coordinators have been recruited to support the operations of both Screening and the Assessment Centre. Vanessa Masters is the Coordinator, Screening, and Julia Bailey is the Coordinator, Assessment Centre.

Thank you to Andrea for undertaking this new department and congratulations to Jackie, Vanessa and Julia in their new roles.

For more information, please contact your Manager/Supervisor.

All Hospital COVID-19 updates are available on the iNtranet at <https://comms.tbrhsc.net/covid-19-information/>.
