Keeping you safe

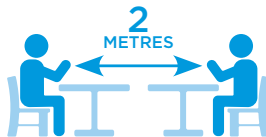

# STAFF SAFETY & BREAK ROOM PROTOCOLS

Did you know eating can increase the production and spread of droplets?

Help keep each other (and our patients) safe from the spread of COVID-19

Masks/PPE are to be worn at all times, except when eating and drinking

Maintain physical distance of 2 metres and keep tables, chairs and plexiglass in place

Ensure frequent hand washing

Avoid socializing or going out for meals with people outside of your household bubble (including coworkers)
