

HOSPITAL ACTIVITY UPDATE

Thunder Bay Regional
Health Sciences
Centre

March 8, 2021

COVID-19 Status as of 9:50 am:

Presumptive Cases in Hospital	Total Positive Cases in Hospital	Positive Cases in ICU	Hospital Occupancy	Active COVID-19 cases in the TBDHU district	Our Hospital's Internal Response Level
16	51	14	84.5%	470	Control

Our hospital continues to respond to the evolving COVID-19 pandemic. Ensuring the availability of urgent, specialized acute care services to those who need it is a priority.

Due to the increase in admitted patients who are COVID-19 positive, as well as positive cases in the community, effective immediately, surgical services will focus on outpatient and emergent inpatient procedures only. This measure ensures capacity at our hospital.

Please note that outpatient endoscopies will continue. We will endeavour to reschedule non-emergent inpatient procedures in a timely manner when the current surge subsides.

Thank you for your commitment and understanding.

All Hospital COVID-19 updates are available on the iNtranet at <https://comms.tbrhsc.net/covid-19-information/>
