

APRIL IS ETHICS MONTH!

Each day people across the hospital face difficult questions. These questions can leave you wondering the right thing to do.

Ethics is here to help!

The role of the ethics portfolio is to support patient care by helping staff, professional staff, patients, and families, resolve ethical issues.

Ethics support can be accessed through switchboard or by emailing or calling the Bioethicist directly ([Michelle Allain](mailto:allainm@tbh.net), allainm@tbh.net, 630-0406)

Thunder Bay Regional
Health Sciences
Centre

Interested in joining the ethics committee? The ethics committee looks at ethical issues relevant to the organization and is made up of clinical & non-clinical staff & PFAs. Email the Bioethicist for more information (allainm@tbh.net)
