

THOUGHT LEADER SERIES

A Strategic Plan clearly lays out a meaningful and achievable future state. The Strategic Plan 2026 will be a bold and innovative plan to guide our Hospital and Health Research Institute for the next five years – and we need your ideas to help shape it.

We want to stretch our thinking for the future and we want you to be a part of this. Your ideas will directly inspire the actions we will take to advance our Hospital and Research Institute.

Please join us for our Thought Leader Series. During these one hour sessions, we will be inspired by a Thought Leader in the health care industry and will discuss the possibilities presented by our Thought Leaders that could be applied to what we do at TBRHSC and TBRHRI. Our goal with these sessions is to inspire hope and creativity for innovative contributions to our Strategic Plan.

Hospital Without Walls

Friday, April 16, 2021 @ 11:00 am – 12:00 pm

Hosted by Amanda Bjorn, EVP, People, Culture and Strategy

Shirlee Sharkey

President and CEO of Saint Elizabeth Health

Shirlee is the President and CEO of Saint Elizabeth Health (SE Health), a national social enterprise that shares its knowledge, provides the best care, and helps each client to realize their most meaningful goals for health and well-being. Under Shirlee's leadership, the not-for-profit charitable organization has enjoyed exponential growth and expansion, and facilitated transformative solutions in areas such as Indigenous health, end of life care, and family caregiver wellness. Today, SE Health provides care for more than 20,000 Canadians in their homes and communities daily through its national care team of over 8,000 health professionals.

To register, please email **Joy Halfkenny** at halfkenj@tbh.net
