

THOUGHT LEADER SPOTLIGHT

A Strategic Plan clearly lays out a meaningful and achievable future state. The Strategic Plan 2026 will be a bold and innovative plan to guide our Hospital and Health Research Institute for the next five years. In preparation, we have engaged nine thought leaders in the health care industry to inspire hope, creativity, and innovation.

Douglas Semple

Senior advisor to the Board and the
CEO Meno Ya Win Health Centre

Douglas is a member of the Kasabonika Lake First Nation in Northern Ontario but currently lives in Thunder Bay Ontario.

As with many of his peers he experienced the Federal Government's residential school's policy but has refused to be a victim of it and instead has chosen to be victor. The energy of this choice has been dedicated to First Nation community development and advancement.

Douglas Semple was a member of the first senior management group of the Sioux Lookout MenoYaWin Health Centre as Vice-President of Corporate Services and Communications. He also held the position of CEO of the organization for a time and continues to be involved with MenoYawin as senior advisor to the Board and the CEO of SLMHC.

To learn more about Douglas Semple and to be inspired about the possibilities and how they can be applied to what we do at TBRHSC and TBRHRI.
