

## “Heart Attacks in Women: Special Considerations”

Cardiovascular disease (CVD) continues to be the leading cause of preventable death in Canadian women. Dr. Rosie North, an emergency room doctor at TBRHSC will help you become aware of the unique risks and symptoms that women face regarding heart attacks in this informative and educational webinar. Dr. North was born in Thunder Bay and is passionate about promoting women’s health through prevention and encouraging women to adopt a healthy and active lifestyle.

Dr. North’s presentation is part of Northern Heart’s “Virtual Talk with Doc” programming that focusses on education in an effort to reduce the high incidence of cardiovascular disease in Northwestern Ontario.

The “Heart Attacks in Women” webinar will utilize the Zoom platform and will be held on May 20<sup>th</sup>, from 7:00-8:00pm.

Registration is requested and there are no fees associated with attending. There will be an opportunity to engage with Dr. North following her presentation.

For further questions or concerns please contact Kayla Waddington, Program Coordinator, Northern Hearts at [northernhearts@tbaytel.net](mailto:northernhearts@tbaytel.net)

A graphic banner for the webinar. It features the Northern Hearts logo on the left and right. In the center, a green box contains the text "VIRTUAL TALK WITH Doc". Below this, the title "Heart Attacks in Women: Special Considerations" is written in a large, black, serif font. Underneath the title, the speaker is listed as "Dr. Rosie North, CCFP-EM". The start time is "7:00pm". At the bottom, a note states "Attendee video and audio settings will be disabled but Q&A will be accessible". The background of the banner is light blue with a faint red ECG line running vertically on both sides.
