*We Answer the Call*

# NURSING WEEK

Join us in thanking our nurses for their incredible contribution to positive patient outcomes.

[www.tbrhsc.net](http://www.tbrhsc.net)

Nursing Week annually falls during the second week of May, coinciding with Florence Nightingale's birthday on May 12th, in recognition of the dedication and achievements of nursing professionals.

Nurses make up the largest group of employees at Thunder Bay Regional Health Sciences Centre and Nursing Week (May 10-16) provides an opportunity to recognize their clinical excellence and their ability to care for patients with compassion and professionalism.
