

THOUGHT LEADER SPOTLIGHT

A Strategic Plan clearly lays out a meaningful and achievable future state. The Strategic Plan 2026 will be a bold and innovative plan to guide our Hospital and Health Research Institute for the next five years. In preparation, we have engaged nine thought leaders in the health care industry to inspire hope, creativity, and innovation.

Steve Moore

Chief Executive, Hywel Dda

Steve Moore has worked for the NHS for most of the last 30 years and have had the great privilege of holding the position of Chief Executive in Hywel Dda since January 2015.

Much of his senior career has involved working in rural areas including leading the Primary Care Trust in Cornwall and Isles of Scilly and, for a short period, being the area director for Devon and Cornwall in NHS England.

Steve is a strong believer in the need to make his organization the best it can be by supporting staff to learn, develop and grow. By doing this, he knows his staff will be able to go on providing the great care and support that patients and their families need.

Hywel Dda is frequently referenced by the Advisory Board for its best practices in patient care, strategic planning and overall innovation.

To learn more about Steve Moore and to be inspired about the possibilities and how they can be applied to what we do at TBRHSC and TBRHRI.
