RE: **TBRHSC Donated Pandemic Scrubs – Storage**

---

Thunder Bay Regional Health Science Centre received donated medical scrubs early in the COVID-19 pandemic. Medical scrubs were provided to areas of the hospital identified as high risk for COVID-19 as part of the pandemic response.

Community prevalence of COVID-19 has decreased significantly in the last weeks, resulting in TBRHSC now operating in Response Level Green.

As of August 1<sup>st</sup>, 2021 laundry will no longer deliver scrubs to these care areas. Scrubs will be washed and sent to pandemic storage unless TBRHSC increases to a hospital response level Orange.
