

# We Need Your Feedback

## Staffing Project to Improve Staff Experience

In order to measure the impact of the staffing and scheduling improvement initiatives over time at Thunder Bay Regional Health Sciences Centre, front line staff are invited to participate in this quick survey.

The survey will be repeated periodically over the next twelve to eighteen months as we continue to implement changes.

Visit

<https://www.surveymonkey.com/r/H9NFSQR>

or scan the QR code with your smart device to provide your feedback.

The survey is open until January 21, 2022

For more information, please contact any member of the Staffing Project Planning Team:
