From: Jennifer Wintermans, VP, Quality and Corporate Affairs, COVID-19 Lead;
Adam Vinet, VP, Patient Experience and Chief Nursing Executive, Regional VP, Cancer
Care Services

Date: July 7, 2022

RE: **Essential Care Partner/ Care Partner Guidance in Response Level Yellow**

To align with the move to COVID-19 Response Level Yellow (Protect) on July 4, 2022, please note that for any Essential Care Partner (ECP) and Care Partner guidance, the Version 12 Guidance document should be referenced under the Yellow "Protect" category.

The document can be found on the iNtranet: <https://comms.tbrhsc.net/wp-content/uploads/2022/03/Guidance-Documents-Essential-Care-Partner-and-Care-Partner-Guidelines-March-11-2022-version-12.pdf>

ECPs should be reminded of mandatory masking and follow the requirements as per ECP guidelines. Physical distancing should continue to be encouraged.

Any deviations or exceptions from the guidance document should be managed at the unit level and as per the appeals process indicated within the guidance document.

All Hospital COVID-19 updates, memos and resources are also available on the iNtranet at <https://comms.tbrhsc.net/covid-19-information/>.
