

# Department *of the* Month

In response to feedback received from staff in our 2022 Employee Recognition Week (ERW) Survey, Human Resources is implementing **Departmental Features** over the next six months, prior to ERW 2023. The features will run monthly, published in Informed and

on the Human Resources Employee Recognition Week iNtranet page starting in October. This initiative aligns with our Hospital's strategic priority **Staff Experience**, by recognizing and celebrating the work that our staff are doing every day.

If your department would like to participate, please reach out to your manager and have them connect with Madeline Reinikka at [madeline.reinikka@tbh.net](mailto:madeline.reinikka@tbh.net) or by phone at extension 6221.
