

# Patient Care Behind the Scenes

## Medical Device Reprocessing Department (MDRD)

Staff Appreciation Week - October 9 - 15

In the Medical Device Reprocessing Department (MDRD) at our Hospital, we are certified technicians that wash, inspect, assemble, wrap, sterilize and distribute instruments to the O.R. and clinics throughout the hospital. If you are in a treatment room and see blue or purple wraps, THAT'S US!

With over 40 dedicated staff we work almost 24/7 to make sure doctors, nurses and surgeons have clean sterile instruments they need to help you and keep you safe.
