RE: Recruitment of Research Ethics Board Member for the TBRHSC REB

Recruitment of Research Ethics Board Members for Thunder Bay Regional Health Sciences Centre

TBRHSC is currently recruiting a volunteer to join the TBRHSC REB in the capacity of an alternate research member who is able to contribute to the evaluation of a study on its ethical, scientific and statistical merits and standards of practice. As a member of the REB, the successful candidate will participate in the ethical review of proposed research projects at TBRHSC.

Ideal candidates will be knowledgeable in relevant research disciplines, fields and methodologies in areas of research covered by the TBRHSC REB. Areas of focus include, but are not limited to, cardiology, orthopedics, medical imaging, and epidemiology.

Below is a summary of time commitments for REB members. Although the alternate member is welcome to attend all REB meetings and may be asked to participate as a primary reviewer on specific studies, their **primary responsibility is to provide coverage when the regular REB member relevant research disciplines, fields and methodologies** is not available to perform reviews or attend meetings.
