

Notice of Outbreak

To: All TBRHSC Staff, Professionals, Volunteers, and Learners

From: Infection Prevention and Control

Date: November 16, 2022

RE: **COVID-19 OUTBREAK, 1A Oncology TBRHSC**

A COVID-19 outbreak has been declared on 1A Oncology in TBRHSC as of November 16, 2022. All restrictions are in place.

Please share this information with the appropriate staff.

As always, our number one priority is the safety of patients and their families, staff and visitors. All patients identified as having an exposure to this outbreak will require isolation with appropriate additional precautions.

The department of Infection Prevention and Control encourages everyone to keep applying the routine practices of hand hygiene, proper use of PPE, equipment cleaning, and the appropriate admission screening of all patients. Please set an example for staff and students and assist us by maintaining compliance and due diligence.
