# Know Your Health Care Options

**There are options  
available to you.**

In the event of an emergency, **always dial 911.**

## **Family Health Care Provider**

Appointments may be available. Contact your family health care provider for office hours.

## **Community After-Hours Clinics/Walk-In Clinics**

At a clinic patients can see a nurse or doctor. Many medical clinics, family health teams, nurse practitioner-led clinics, and pharmacies operate walk-in clinics.

## **Pharmacies**

Pharmacists now have the authority to prescribe some drugs, renew non-narcotic prescriptions for up to six months, administer the flu and COVID-19 vaccines, and provide advice to people with chronic conditions.

## **Thunder Bay District Health Unit**

Visit: [tbdhu.com](http://tbdhu.com) for more information on the COVID-19 vaccine and flu shot.

## **Health Connect Ontario**

Connect through a live chat with a registered nurse day or night to receive health information and advice on a range of topics.

## **Health Care Connect**

Health Care Connect helps people who are without a doctor find one. Call 1-800-445-1822 for more information.

## Call 811

Everyone has health concerns from time to time. Access to expert health care advice when and where you need it can help you decide how to manage your physical and mental health, and the health of your family.

When you call 811, a registered nurse will be available to speak with you 24/7, 365 days a year. Assistance is offered in English, French and other languages. 811 is a **free**, secure and confidential health care service available to all Ontarians.

When you call 811, your call will be received by an advisor who will securely and confidentially collect basic information and the reason for your call. You will then be transferred to a registered nurse who will complete a virtual triage assessment and advise you of next steps.
