

Staff Advisory Committee

Call for Interest

Thunder Bay Regional
Health Sciences
Centre

Thunder Bay Regional
Health Research
Institute

As we plan to move the strategic direction related to staff experience forward, we are looking to improve engagement across the organization and create a forum to discuss matters that impact work life for our staff. To this end, Senior Leadership Council is seeking individuals who are interested in advancing Thunder Bay Regional Health Sciences Centre (TBRHSC) and Thunder Bay Regional Health Research Institute (TBRHRI) towards its Vision through participation in a Staff Advisory Committee. The Committee will represent a cross-section of TBRHSC and TBRHRI stakeholders to contribute to the staff and patient experience by participating in forums to review and provide feedback on new and existing initiatives.

There is currently a call for expressions of interest for representatives from:

- Employees
- Professional Staff
- Patient and Family Advisors
- Learners
- Volunteers
- Leadership

We are seeking representatives who:

- are committed to our Mission, Vision and Values;
- demonstrate adherence to our Code of Conduct;
- exhibit a positive outlook towards enhancing the staff and patient experience;
- have a willingness and capacity to participate in committee meetings and activities.

This is a great opportunity to have influence on decision making, ensure varied perspectives are shared, learn from your colleagues, make new connections and develop your leadership skills. Individuals who would like to join are asked to submit a brief expression of interest outlining your skills and interest by **December 23, 2022**.

Examples of early projects for input include:

- Reward and Recognition Program
- Healthy Environment/Staff Spaces
- Linking behaviours to Values
- Celebrating our Team – swag, etc.

STRATEGIC PLAN

Staff Experience

This is where we want to work, grow, and thrive
