The Thunder Bay Regional Research Institute (TBRHRI) - an independent, not-for-profit corporation - is the research arm of the Thunder Bay Regional Health Sciences Centre. Our scientists work closely with clinicians, medical professionals, and academic and industry partners to improve health care through excellence in patient-centered research. Research is advanced through discovery and development of new imaging-based technologies that are brought to patients through clinical trials. With successful trial validation, discoveries proceed to commercialization for the benefit of patients everywhere.

In conjunction with the Northern Ontario Heritage Fund Corporation, we are currently seeking candidates for the following position:

7401024 Research Assistant Internship (1 Year Contract)

The individual filling this position will work closely with TBRHRI Scientists and their time will be devoted to the support and enabling of research. The Intern will support research related to Dr. Alla Reznik. The objective of the internship is to provide a trainee with technical skills in the standardized evaluation of imaging performance of the Positron Emission Mammography (PEM) system – an advanced breast cancer diagnostic tool.

The ideal candidate is highly dedicated and organized, with the ability to multitask in a fast-paced, diverse, and growing environment. Exceptional organizational and communication skills, along with strong quantitative, analytic and reasoning skills are necessary. This position requires knowledge in medical imaging and solid-state physics. Understanding of operating principles of computed tomography detectors on the system level is an asset. MSc degree in Physics is desirable, although candidates from other related areas will also be considered. An individual is sought who can take initiative and who is interested in working in an interdisciplinary research environment. The candidate must be a University or college graduate who has graduated within the last three years from an accredited college or university. The candidate must be a graduate of a post-secondary degree or diploma program. The position will be a first full-time employment in the candidate's field of study.

To be considered for this position, please send your resume with a cover letter to:

Tanya Niederer, HR Coordinator
Thunder Bay Regional Health Research Institute
980 Oliver Road
Thunder Bay, Ontario P7B 6V4
Email: niederet@tbh.net

We thank all candidates for their interest; however, only those selected for an interview will be contacted. We are an equal opportunity employer.

THIS OPPORTUNITY IS
PROUDLY SUPPORTED BY:

Exceptional **Care** for every patient, every time.
