RE: Changes to Meditech Registration Screen Layout

Effective April 12, 2023 we are making changes to the layout of the Meditech Registration screens to improve data collection workflow for staff. The three red screens (Other, Language, Survey) in the Registration Management Desktop will be combined into one **Misc screen**, allowing for a more streamlined approach of data collection. The remaining data from the Other tab can now be found on the new Clinical tab (such as ARO, Bundled Care, WSIB claim info, etc).

We have also updated the survey answers to help Patient Family Centered Care (PFCC) collect more accurate patient satisfaction survey responses. Additional training has been provided to registration areas responsible for collecting survey data. If you are not an area that currently collects this data, please use **Not Asked**. See screen shots below. If you have any questions, please contact the Service Desk (807) 684-641 or help@tbh.net.

Current screen

Mnemonic	Responses
DECLINED	Declined
DIR ADMIT	Direct Admit
NOT ASKED	Not Asked
YES	Yes
