RE: Announcement: Congratulations to Jeannine Skinner

Jamie and I would like to announce that Jeannine Skinner has accepted a position with Information Systems as its new HIS Informatics Specialist supporting the Northwest region in Meditech ADM and BAR modules.

Jeannine started in Patient Billing nearly 18 years ago and was promoted quickly to management where she demonstrated strong leadership and financial stewardship of patient accounts on behalf of the hospital.

Although this move is a tremendous loss for the Financial Services team, we are grateful for her work and dedication over the years. Knowing Jeannine's skills, knowledge and work ethic, I'm confident she will excel in her new position with the Information Systems team. This move will provide her with new opportunities for growth and development.

Jeannine's official transfer date will be June 12.

Please join me in thanking Jeannine for her efforts to date and wishing her the best in this next chapter.
