STRATEGIC PLAN

2026

# COVID-19 Response Activities – Phase 3 Transition

## Transition

- ▶ Phase 1 – March 31 ✓
- ▶ Phase 2 – April 21 ✓
- ▶ Phase 3 – May 25

## Masking

- ▶ Removal of universal masking
- ▶ Masking will only be mandatory when providing direct patient care and/or per IPAC protocols
- ▶ Masking continues to be encouraged
- ▶ Risk analysis and level of comfort
- ▶ Masks will always be available

When to wear → providing a patient medication, transporting a patient within the hospital, performing patient care

When not required to wear → When walking to Robins or the Cafeteria, when in an administrative department, when on a clinical unit outside a patient room and not in direct contact with a patient

# COVID-19 Response Activities – Phase 3 Transition

## ECP/CP Restrictions & Masking

- ▶ No longer mandatory Hospital-wide.
- ▶ Encouraged and supplied.
- ▶ May be requested to wear a mask in certain situations.
- ▶ Essential Care Partner, Care Partner & Family Presence Policy PAT-5-176 when communicating with patients and their ECP/CPs.
- ▶ Two people at the bedside at a time.
- ▶ Children – 2 allowed at any one time (one ECP/CP plus 2 children) max of 3 people at a time.

*Unit level decisions for all situations that fall outside of the policy*

# COVID-19 Response Activities – Phase 3 Transition

## Return to Work Process

- ▶ RedCap App – no longer required to be completed.
- ▶ If you have symptoms - You no longer require a PCR test for COVID-19.
- ▶ If you have tested positive for COVID-19 – RTW when asymptomatic or improvement.
- ▶ If you have had a high-risk contact in the community – No report to OHS, follow work isolation protocols.
- ▶ If you have a high-risk COVID-19 exposure at work – Report to OHS by submitting an electronic incident report.
