RE: Clinical Nurse Specialist (CNS) - Addictions Medicine & Mental Health

---

I am pleased to announce that Giulia Daniele has accepted the position of Clinical Nurse Specialist, Addictions Medicine & Mental Health.

Giulia graduated from Lakehead University with a Bachelor of Science in Nursing and has been working in the discipline of mental health ever since. Giulia began her career in Adult Mental Health and the Psychiatric Intensive Care unit, and then transitioned to the Mental Health Assessment Team. Within this role, she quickly progressed to the Lead Registered Nurse who provided comprehensive mental health assessments virtually to patients all over Northwestern Ontario. Furthermore, she partook in data collection, policy development and survey creation which will be asset to the CNS role and its six associated competencies.

Giulia has demonstrated her passion for life long-learning; she has her Canadian Nurses Association certification in Psychiatric and Mental Health Nursing, and is currently completing a Masters of Health Administration through the University of Regina. Giulia also has her Lean Healthcare Black Belt Certification.

Please join me in welcoming Giulia to the role!

Exceptional **care** for every patient, every time.
