

Using Psychological Safety to Enhance Communication through Simulation: An Obstetrical Experience

We are conducting a research study with the aim to improve multidisciplinary team performance and patient safety in real life emergencies within the L&D Department at TBRHSC.

If you are any of the following at TBRHSC, you may be eligible to participate:

- registered nurses (RNs) from Labour and Delivery
- registered respiratory therapists (RRTs)
- physicians (Family Physicians, Obstetricians and Anesthesiologists)
- registered midwives (RMs)

Participation involves a one day session at the Ibn Sina Simulation Lab at TBRHSC. Lunch will be provided.

If you are interested in learning more, please contact the research team at **(807) 684-6242** for information.

Participation in this research is voluntary. You may choose not to participate or withdraw from the study at any time with no consequences.
