

Level 1: Cytotoxic Hazardous Drugs	
Drug Generic Name	Dosage Form currently available (may not include all dosage forms)
arsenic trioxide	IV (solution)
azacitidine	Subcutaneous (powder for suspension) PO (regular tablet)
azathioprine	PO (regular tablet) IV (powder for solution)
bendamustine	IV (powder for solution)
bleomycin	IV/IM/subcutaneous/ intrapleural (powder for solution)
bortezomib	IV (powder for solution)
brentuximab vedotin	IV (powder for solution)
busulfan	IV (solution)
cabazitaxel	IV (solution)
capecitabine	PO (film coated tablet)
carboplatin	IV (solution)
carmustine	IV (powder for solution)
chlorambucil	PO (film coated tablet)
chloramphenicol	IV (powder for solution)
cisplatin	IV (solution)
cladribine	IV (solution)
clofarabine	IV (solution)
cyclophosphamide	IV (powder for solution) PO (sugar coated tablet)
cyclosporine	PO (soft gelatin capsule, oral solution) IV (solution)
cytarabine	IV/subcutaneous/ intrathecal (solution)
dacarbazine	IV (powder for solution)
dactinomycin	IV (powder for solution)
dasatinib	PO (film coated tablet)
daunorubicin/ daunorubicin liposomal	IV (powder for solution)
decitabine	IV (powder for solution) PO (film coated tablet)
docetaxel	IV (solution)
doxorubicin / doxorubicin liposomal	IV (solution, suspension, powder for solution)

epirubicin	IV (solution)
etoposide	IV (solution)
fludarabine	PO (film coated tablet)
	IV (solution)
fluorouracil	IV (solution)
	Topical (cream)
ganciclovir	IV (powder for solution)
gemcitabine	IV (powder for solution; solution)
gemtuzumab ozogamicin	IV (powder for solution)
hydroxyurea	PO (capsule)
Ibritumomab tiuxetan	IV (solution)
idarubicin	IV (solution)
ifosfamide	IV (powder for solution)
Inotuzumab ozogamicin	IV (powder for solution)
irinotecan	IV (solution)
ixazomib	PO (hard shell capsule)
liposomal daunorubicin/ cytarabine	IV (powder for solution)
lomustine	PO (hard shell capsule)
lurbinectedin	IV (lyophilized powder)
melphalan	IV/intra-arterial (powder for solution)
	PO (film coated tablet)
mercaptopurine	PO (regular tablet)
methotrexate	IV/IM/Intra-arterial(solution)
	PO (regular tablet)
mitomycin	IV/ intravesical (powder for solution)
mitotane	PO (regular tablet)
mitoxantrone	IV (solution)
nelarabine	IV (solution)
oxaliplatin	IV (solution)
paclitaxel	IV (powder for solution)
pemetrexed	IV (powder for solution)
polatuzumab vedotin	IV (powder for solution)
pralatrexate	IV (solution)
procarbazine	PO (gelatin capsules)
raltitrexed	IV (powder for solution)
romidepsin	IV (powder for solution)
tamoxifen	PO (film coated tablet)
temozolomide	PO (hard shell capsule)
temsirolimus	IV (solution)
thioguanine	PO (regular tablet)
thiotepa	IV (powder for solution)

This material has been prepared solely for use at Thunder Bay Regional Health Sciences Centre (the Hospital). topotecan	IV (solution)
trabectedin	IV (powder for solution)
trastuzumab emtansine	IV (powder for solution)
trifluridine/tipiracil (combination only)	PO (film coated tablet)
valganciclovir	PO (film coated tablet, powder for oral solution)
vinblastine	IV (solution)
vincristine	IV (solution)
vinorelbine	IV (solution)
Not Available in Canada	
altretamine	
estramustine	
estrogens, esterified	
floxuridine	
Flucytosine (SAP)	PO (gelatin capsule)
ixabepilone	
pentostatin	
streptozocin	
teniposide	
valrubicin	

This material has been prepared solely for use at Thunder Bay Regional Health Sciences Centre (the Hospital). The Hospital accepts no responsibility for use of this material by any person or organization not associated with the Hospital. Level 2/3: Hazardous Drugs	
Drug Generic Name	Dosage Form currently available (may not include all dosage forms)
abemaciclib	PO (film coated tablet)
abiraterone	PO (film coated tablet, regular tablet)
acalabrutinib	PO (hard gelatin capsule)
acitretin	PO (hard gelatin capsule)
afatinib	PO (film coated tablet)
alitretinoin	PO (soft gelatin capsule)
alpelisib	PO (film coated tablet)
ambrisentan	PO (film coated tablet)
anastrozole	PO (film coated tablet)
apalutamide	PO (film coated tablet)
apomorphine	SUBCUTANEOUS (solution) PO (sublingual)
axitinib	PO (film coated tablet)
baricitinib	PO (film coated tablet)
bicalutimide	PO (film coated tablet; regular tablet)
bosutinib	PO (film coated tablet)
brigatinib	PO (film coated tablet)
buserelin	SUBCUTANEOUS (solution); Intranasal (solution)
cabozantinib	PO (film coated tablet)
carbamazepine	PO (regular tablet for immediate release and extended release suspension)
carfilzomib	IV (powder for solution)
ceritinib	PO (hard gelatin capsule)
cetorelix	SUBCUTANEOUS (powder for solution)
cidofovir	IV (solution)
clobazam	PO (regular tablet)
cobimetinib	PO (film coated tablet)
crizotinib	PO (hard gelatin capsule)
cyproterone	PO (regular tablet) IM (solution depot)
dabrafenib	PO (hard capsule)
darolutamide	PO (film coated tablet)
eferiprone	PO (regular tablet, oral solution)
degarelix	SUBCUTANEOUS (powder for solution)
dexrazoxane	IV (powder for solution)

[Type here]

dihydroergotamine	IV/IM/SUBCUTANEOUS (solution) Nasal spray
dinoprostone	PO (regular tablet) Vaginal insert Topical (gel)
divalproex	PO (film coated tablet, enteric coated tablet)
dronedarone	PO (film coated tablet)
dutasteride	PO (soft gelatin capsule)
elagolix	PO (film coated tablet)
enasidenib	PO (regular tablet)
entecavir	PO (film coated tablet)
entrectinib	PO (hard shell capsule)
enzalutamide	PO (soft gelatin capsule)
erdafitinib	PO (film coated tablet)
ergonovine maleate/ methylethergonovine	IM/IV (solution)
eribulin	IV (solution)
erlotinib	PO (film coated tablet)
eslicarbazepine	PO (regular tablet)
estradiol	PV/vaginal ring/topical patch/topical gel/PO
estrogen/ progesterone combinations	PO (tablet)
estrogens, conjugated	PO (regular tablet) IV/IM (powder for reconstitution) Vaginal (cream)
everolimus	PO (regular tablet, regular tablet for oral suspension)
exemestane	PO (film coated tablet)
finasteride	PO (film coated tablet)
fingolimod	PO (hard gelatin capsule)
fluconazole	PO (hard gelatin capsule; suspension) IV (solution) Topical (cream)
fossubcutaneousaneousarnet	IV (premixed solution in bag)
fosphenytoin	IV (solution)
fostamatinib	PO (film coated tablet)
fulvestrant	IM (solution, pre-filled syringe)
ganirelix	SUBCUTANEOUS (solution)
gefitinib	PO (film coated tablet)
gilteritinib	PO (film coated tablet)
goserelin	SUBCUTANEOUS (depot)
icatibant	SUBCUTANEOUS (solution pre-filled syringe)
imatinib	PO (coated tablet)
isotretinoin	PO (soft gelatin capsule, gelatin capsule)
ivabradine	PO (film coated tablet)

This material has been prepared solely for use at Thunder Bay Regional Health Sciences Centre (the Hospital). The Hospital accepts no responsibility for use of this material by any person or organization not associated with the Hospital. larotrectinib	PO (hard gelatin capsule, oral solution)
leflunomide	PO (film coated tablet; regular tablet)
lenalidomide	PO (hard gelatin capsule)
lenvatinib	PO (hard shell capsule)
letrozole	PO (film coated tablet)
leuprolide	IM/SUBCUTANEOUS (powder for solution)
liraglutide recombinant	SUBCUTANEOUS (solution)
lomitapide	PO (hard gelatin capsule)
lorlatinib	PO (film coated tablet)
macitentan	PO (film coated tablet)
medroxyprogesterone acetate	PO (regular tablet) IM (solution in pre-filled syringe)
megestrol	PO (regular tablet/suspension)
methimazole	PO (regular tablet)
midostaurin	PO (gelatin capsule)
mifepristone	PO (regular tablet)
misoprostol	PO (regular tablet, enteric coated tablet)
mycophenolate mofetil	PO (hard gelatin capsule, film coated tablet, powder suspension); IV (powder for solution)
mycophenolic acid	PO (enteric coated tablet) IV (powder for solution)
nafarelin	Inhalation (metered dose aerosol)
neratinib	PO (film coated tablet)
nevirapine	PO (regular tablet)
nilotinib	PO (hard gelatin capsule)
niraparib	PO (hard shell capsule)
olaparib	PO (film coated tablet)
oxcarbazepine	PO (film coated tablet)
pamidronate	IV (solution)
paroxetine	PO (film coated tablet)
pasireotide diaspertate	SUBCUTANEOUS (solution, powder for suspension)
pazopanib	PO (film coated tablet)
phenytoin	PO (hard gelatin capsule; infatabs - regular tablet; oral suspension) IV (solution)
pomalidomide	PO (gelatin capsule)
ponatinib	PO (film coated tablet)
progesterone progestins	IM (solution) PO (soft gelatin capsule) Vaginal (gel, effervescent subcutaneous tablet)
propylthiouracil	PO (regular tablet)
raloxifene	PO (film coated tablet; regular tablet)
rasagiline	PO (regular tablet)
regorafenib	PO (film coated tablet)

This material has been prepared solely for use at Thunder Bay Regional Health Sciences Centre (the Hospital). The Hospital accepts no responsibility for use of this material by any person or organization not associated with the Hospital. ribavirin	PO (coated tablet) Inhalation (powder for solution)
ribociclib	PO (film coated tablet)
riociguat	PO (film coated tablet)
ripretinib	PO (regular tablet)
semaglutide	Subcutaneous (solution) PO (regular tablet)
siponimod	PO (film coated tablet)
sirolimus	PO (regular tablet, oral solution)
sonidegib	PO (hard capsule shell)
sorafenib	PO (film coated tablet)
sunitinib	PO (hard gelatin capsule)
tacrolimus	PO (hard gelatin capsule) IV (solution) Topical (ointment)
teriflunomide	PO (film coated tablet)
testosterone	PO (soft gelatin capsule) Transdermal patch IM (solution) Topical (gel)
thalidomide	PO (gelatin capsule)
tofacitinib	PO (immediate and extended release film coated tablet)
topiramate	PO (film coated tablet, coated tablet, hard gelatin capsule)
trametinib	PO (film coated tablet)
tretinoin	PO (gelatin capsule); Topical (cream, gel)
triptorelin	IM (powder for suspension) Subcutaneous (solution)
tucatinib	PO (film coated tablet)
ulipristal	PO (regular tablet)
upadacitinib	PO (regular tablet)
valproate/valproic acid	PO (soft gelatin capsule; oral solution) IV (solution) available via Special Access Program
vandetanib	PO (film coated tablet)
vemurafenib	PO (film coated tablet)
venetoclax	PO (film coated tablet)
vigabatrin	PO (film coated tablet, powder for oral suspension)
vismodegib	PO (hard gelatin capsule)
voriconazole	PO (film coated tablet, powder for oral suspension) IV (powder for solution)
vorinostat	PO (hard gelatin capsule)
warfarin	PO (regular tablet)
zanubrutinib	PO (hard gelatin capsule)
zidovudine	PO (gelatin cap, syrup) IV (solution)

This material has been prepared solely for use at Thunder Bay Regional Health Sciences Centre (the Hospital). ziprasidone	PO (hard gelatin capsule)
zoledronic acid	IV (solution)
Not available in Canada	
clomiphene	
methylergonovine	
zonisamide	

Biohazardous Drugs	
Drug Generic Name	Dosage Form
axicabtagene ciloleucel	IV (solution)
bacillus calmette guerin (BCG)	Intravesical (powder for solution)
onasemnogene - abeparvovec	IV (solution)
tisagenlecleucel	IV (suspension)
voretigene neparvovec	subretinal (concentrate for solution)
