

Dynamic Discussions with Clinicians

Discussing universal skills and strategies to support patients struggling with mental health and or substance use

Thursday, April 4th

12:00 PM - 1:00 PM

Auditorium A

Let's Discuss:

- What can I expect if my patient is experiencing psychosis?
- My patient is not engaging with me. What can I say to help?
- I'm concerned for my patients' safety. How can I make their environments safer?

And more...

Persians will be provided!
