RE: Notice: Installation of Reusable Sharps Containers

---

From May 14<sup>th</sup> through May 16<sup>th</sup> we will be exchanging our disposable sharps containers for reusable containers (yellow sharps containers and blue/white pharmacy containers). Managers have been provided the installation schedule.

The use and exchange process (top up if existing, etc) for the new containers will not change.

The only thing that is changing is behind the scenes where exchanged full containers (which are collected downstairs) are picked up by Stericycle and reprocessed at their facility.

Attached are guidelines for use, pictures of the new containers as well as their stock numbers.

Should you have any questions or concerns please contact Phil Thompson
