2024 Wake the Giant Music Festival

Complete the Mandatory Wake the Giant Training

The Wake the Giant Indigenous Culture and Inclusivity Training provides an online learning experience to support businesses, companies and organizations in creating more inclusive spaces, free of racism, where Indigenous Peoples are welcome.

This training is intended to present the realities of First Nations students having to leave their home community to attend high school in Thunder Bay, and was developed in direct response to the recommendations in the Seven Youth Inquest.

By completing the mandatory training you will automatically receive a discount code for one general admission ticket to this year's Wake the Giant Music Festival.
