**Financing available is "equal payments, no interest" for 24 months (unless otherwise stated) and is only available on request, on approved credit and on purchases of \$150 (unless otherwise stated) or more (gift cards excluded) made with your Triangle Credit Card at Sport Chek. Interest does not accrue during the period of the plan. However, if we do not receive the full minimum due on a statement within 59 days of the date of that statement, or any event of default (other than a payment default) occurs under your cardmember agreement, all special payment plans on your account will terminate and (i) you will then be charged interest on the balances outstanding on such plans at the applicable regular annual rate from the day after the date of your next statement, and (ii) the balances outstanding will form part of the balance due on that statement. There is no administration fee charged for entering into a special payments plan. Each month during an equal payment plan you are required to pay in full by the due date that month's equal payments plan instalment. Any unpaid portion not received by the due date will no longer form part of the equal payments plan and interest will accrue on that amount from the day after the date of your next statement at the applicable regular annual rate.
