RE: Areas of High risk

Due to the Measles epidemic in Southern Ontario, Thunder Bay Regional Health Sciences Center has initiated a screening process, to be completed at all points of registration. Below is a list of areas of concern when completing the screening questions. This list will be sent out when updated.

High Risk City (Area) in Ontario			
Barrie	Kingston	Owen Sound	Tamworth
Belleville	Kingsville	Petrolia	Tilbury
Blenheim	Kitchener	Picton	Tillsonburg
Bloomfield	Komoka	Poole	Timmons
Breslau	Langton	Prince Edward County	Toronto
Chatham	Leamington	Renfrew	Trenton
Colchester	Listowel	Sarnia	West Montrose
Englehart	London	Sault Ste. Marie	Windsor
Essex	Markham	Simcoe	Wingham
Etibicoke	Milverton	Stoney Point	Wyoming
Fergus	Napanee	Stratford	
	North Bay	Sudbury	

Please share this information with the appropriate staff.

The department of Infection Prevention and Control encourages everyone to keep applying the routine practices of hand hygiene, proper use of PPE, equipment cleaning, and the appropriate admission screening of all patients. Please set an example for staff and students and assist us by maintaining compliance and due diligence.
