RE: In Recognition of the loss of Cheyenne Vaillant

It is with deep sadness that I share the passing of our colleague, Cheyenne Vaillant, a valued member of the Laboratory team. She was a dedicated professional whose work, kindness, and commitment to patient care was evident. Cheyenne left a lasting impression on those who had the privilege of working alongside her.

Our thoughts are with her spouse, family and friends during this difficult time. Please follow this [link](#) to her obituary to learn more about her life, reflect and pay your respects as you wish.

In honour of her memory, the Hospital will be lowering its flags to half-mast as a mark of respect.

Cheyenne will be greatly missed.

Georgia Carr
Technical Director, Laboratory Services
