

# Accreditation 2026

## Journey to Excellence

### What is it?

An ongoing assessment against national standards of excellence. It helps us identify what we do well and where we can enhance quality, efficiency and safety.

### Our Goal

To achieve Accreditation status in the upcoming survey. This seal signals to patients that we provide safe, high-quality care.

### What is being evaluated?

### Your Role in the Journey

#### Leaders

- Reinforce the value of Accreditation.
- Incorporate ROPs and mock tracer questions in Huddles.
- Coach staff and help make Accreditation feel familiar.

#### Staff

- Join mock tracers and know your ROPs.
- Know where to access policies, tools and resources when needed.
- Be ready to speak to your role in safe, high-quality care.

### Road to May 2026

#### 1. Monthly Communication Updates

Leaders receive focus areas, key messages and staff support checklists every month.

#### 2. Education and Simulation

QRM provides ROP handbooks and coordinates mock surveys to prepare the teams. Unit/Department based education and reminders.

#### 3. The On-site Visit

Surveyors will be here from May 11 to 14 to observe our excellence in action across all departments/units.
