LIVER IMAGING REPORTING AND DATA SYSTEM (LI-RADS)

ADVANCING ACCURACY IN LIVER IMAGING

**LIGHT
LUNCH**
PROVIDED
COURTESY
OF DR.
VANDERPOL

Join us for a focused clinical update on LI-RADS and its evolving role in diagnosing hepatocellular carcinoma (HCC)

What you'll learn:

- LI-RADS standardization
- Major and Ancillary imaging features
- LR-M and Tumor-in-vein (TIV)
- CT, MRI and CEUS performance
- Risk factors impacting diagnosis

Presenter:

Dr. Christian VanderPol
Radiologist

Date & Time:

May 6, 2026
12:00 p.m. to 12:30 p.m.

Location:

Diagnostic Imaging
Conference Room

Open to all interested health care professionals

Thunder Bay Regional
Health Sciences
Centre
