RE: New Campus Leisure and Pedestrian Path

The Facilities team is pleased to announce plans to establish a new designated paved leisure path, connecting the east sidewalk (near the cafeteria entrance) to the Cancer Centre sidewalk along Ron Saddington Way.

This initiative supports campus improvements, aligned with our integrated Master Plan and staff feedback, to create a more connected and welcoming campus environment. The path will provide a convenient link that is separated from vehicle traffic to support opportunities for walking, fresh air and wellbeing throughout the workday.

Further details on the construction timeline and next steps will be announced soon.
