

B. Braun Syringe Pump Training Sessions

This training is mandatory for nurses working in the ED, ICU, MNB, Paediatrics and for RRT's working in the ICU.

Training sessions will be available throughout September and October. Staff will be paid one hour of education time for attending off shift.

Please complete the recommended pre-learning session on DualCode. The pre-learning is found under "B.Braun IV Pump" then click on "Perfusor" (NOT Infusomat).
